

FAA WINGS Program and BBQ Cook Out - Sullivan County Airport

An overview of the process of planning a safe flight. The PAVE Pilot Checklist and Fuel Starvation will be emphasized. We will look at the human factors involved when the aircraft owner influences maintenance decisions. Pilot Bar-B-Q Dinner prior to the seminar.

Directions: The pilot seminar will be held in the hangar area South of the main FBO building.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
